

60/40/90°

Fixing Bracket MW S HCP

Group: 1826

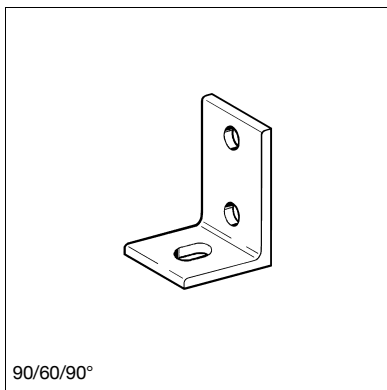

Application

Designed for general mounting purposes as a direct lateral attachment link integrated in binding and bridging beams of concrete or wood, and for similar applications. It may serve as a connecting bracket for framework structures consisting of channels.

Technical Data

Type	Working load	Sprinkler System
60/40/90°	7.5 kN	≤ DN 150
90/60/90°	7.5 kN	≤ DN 150

Material: Steel, HCP
