Channel MS 41 HCP

Group: 1811

Application

Element for easily and efficiently pre-assembling crossbars, wall brackets and supporting structures on construction sites or in workshops.

Scope of delivery

Available as single or double channels.
Double channels are joined together by clinching.

Installation

All Channels MS 41 hcp are serrated inside and provide numerous combination options with other high corrosion protected system components.

Technical Data

Material: Steel, HCP

D = Double channel

Type W/H/th [mm]	Section modulus [cm ³]	Moment of inertia [cm ⁴]	Radius of gyration [cm]
